FTA Cadets Begin Teaching

The Cadet Teaching Program has now been put into effect by the Future Teachers Club. This program is designed to give the FTA members the experience of teaching. Five girls from the high school go to the elementary school to teach for an hour a week. Jo Vickers, Barbara Collins, Brenda Bass, Kay Williams, Gwen Gove, and Sylvia Hernandez help with the teaching of grades one through six. In their work, they may teach one reading group, while the classroom teacher teaches another group. The girls do an extra job with the children that they are asked to do. Some of the FTA members teach special subjects in high school which they plan to teach after college. Connie Bacon, Alice Rashley, and Brenda Kelly are helping in the English Department; Robin Thomas is working in history; and Francis Holton, in Home Ec. Many times, these girls prepare and present fifteen or twenty minutes of the day's lesson.

Band Holds Concert

The Belle Glade High School Band held a concert in the gymnasium Friday, February 28, 1964. The band did an outstanding job playing many fine selections such as: Bugala's Holiday, West Side Story, and Donna Juana. Mr. Stevens, director, is also to be congratulated for his fine work with the band.

The money earned will go to pay for the band's new uniforms.

F. F. A. Softball Captains Elected

At the last F. F. A. meeting the following boys were elected captains for this year's softball team: Johnny Dell-captain and Tommy Scheffle-Co-captain. Johnny was one of the captains that led last year's team to the district championship. Last year the boys were only allowed to participate in the district contest, but this year they will participate in the state contest. The boys are looking forward to another great year in softball.

Causey Does It Again

John Causey has once again brought recognition to Belle Glade High. John's Holstein won the State Grand Champion award for registered Holsteins. It all happened on February 21 in Orlando at the state 4-H Dairy Show and Judging Contest. He was fourth place. He is now eligible to try for the state 4-H Dairy cattle trip to Waterloo, Iowa for the National Dairy Congress. John first won the district Grand Championship at the Palm Beach County Fair. He also earned another prize winner in the Hendry County Fair in Clewiston and has sold both for a profitable sum.

A Senior in school, John plans to attend the University of Florida next fall. A career in veterinary medicine will be his objective. Congratulations to this outstanding member of the Senior Class.

Journalism Progress

Since the last shipment of the Rambler to the Journalism Class has devoted their time to improving the RAMPAGE. The students have started using their textbooks again, and everyone seems to have settled down after the rush to put out the annual.

Monday, March 2, the class visited the Belle Glade Herald and attended a demonstration of acting print. The class enjoyed this trip and would like to thank the Belle Glade Herald for their cooperation.

We feel that by being able to devote all our time to the newspaper we will have a bigger and better RAMPAGE.

Basketball's End

Basketball season has ended and, all in all, the team did well considering the lack of height and experience. The Rams tied for fifth place in the Suncoast Conference which is composed of ten teams. Some of the credit must be given to the team's captain, Charles Thompson, who provided good leadership for the team throughout the season. Thompson also developed into the team's best rebounder and was a steady cover. Eddie Buckner also was a good rebounder for his 5'11" frame. He averaged about 10 points a game and scored the last basket against Pahokee which won the game. Skip Fulper, the third and final senior on the team, was a good rebounder in spot service over the year. While these three boys will be greatly missed, it is felt that having so many underclassmen on the squad will make the teams of the future even better.

The juniors on the team included Don Wilkinson, who was a regular guard and could be counted on to always give his best; Gary Mann, who came off the bench on numerous occasions to pick up the scoring pace with his fine outside shooting; and Albert Kruse, who has developed into a good rebounder for his height.

Tony Latour, Carey Jones, and Ivan Willis were the three sophomores on the team. Tony averaged 20 points a game and was elected by opposing team's coaches to the second all-conference team. He was the only 10th grader to be thusly honored. Tony has two more years and with the expected development should accomplish much more before graduation. Carey Jones was also a starter this year and improved considerably as a rebounder and scorer. He has the potential to become one of Belle Glade's better basketball players. Ivan Willis was moved up from the B team where he led the team in scoring. He has shown his abilities and should prove to be a good ball player.

In the ninth grade, Mickey McKee got in some playing time and is counted on in the future as is Bryant Davis who went to the tournament with the team after playing on the B team. This team could surely be described as one short on size but long on spirit and hustle.

Traffic warn. Now Rochelle, N. Y. Go Slow. This is a one horse town.

Student of the Week

Tony LaTour had the highest average on the basketball team this year. He averaged 18.6 points a game with a total of 429 points in the 1964 basketball season. Tony ranks 6th among the top ten scorers in the conference. He made all-conference and is in the 2nd all-conference team.

Tony was born in Havana, Cuba, July 20, 1948. His family moved to the United States about three years ago. Tony is a sophomore this year, and plans to attend Princetown University after graduation from high school. His ambition is to become a professional baseball player.

Congratulations, Tony, on your many accomplishments.

Senior Invitations

Seniors have been busy this past week with one of the pre-graduation activities, ordering their invitations. The Inter-Collegiate Press, from whom invitations are being ordered, is also making it possible for the seniors to order memory books and forever grateful books. The invitations will have a B. G. H. S. crest and on the inside will be a picture of the school. The invitations are expected to be in the last of April.

Home Sweet Home

By Marilyn Rabin
Down where the cat-tails grow and the swamp is heavy with mosquitos, there lives an adventurous family by the name of Gowenheimer.

Well, these Gooke's are the restive type and one bright sunny morning they (Ma, Pa, Sil, Bro, Tim, John, Mary Ethel, and Cousin Mort) piled into their 1923 XKR and off to Destination — Heck they didn't have any destination!
Pa drove and he drove and he drove and he pushed he drove and he pushed more! By this time everyone was getting pretty hungry — all of a sudden Cuz Mort spotted land, then before anyone could blink, there were honking and lights were flashing.
"This's got to be the big town," shouted Tim.
"I certainly was the big town," Pa said. "Of all people, was he, 'Hunder tarnation,'" supposed to go. Signs were pointing this way and that way; but EVERYTIME Pa tried to move the car, he was hooked aside.

Finally he got to a toll bridge and had to pay — of all the old fashioned things. However, his temper simmered when he found himself and his family back on the old dusty, rocky swamp road so familiar to all.

One could almost hear him shout, "Home Sweet, sinky Home."

Saints Too Tall—Rams Too Small

Basketball season for the Belle Glade Rams reached its climax in Ft. Lauderdale at the Northeast High School gym last Thursday night with a defeat at the hands of St. Thomas Aquinas, 82 to 74. This was the first game of the group tournament and one in which the local team played a shaky first half trailing by as many as 18 points in the first half. After the half, matters improved somewhat as the Rams pulled to within 4 pts. on several occasions. However, the gap could not be completely closed after the loss of Carey Jones, Charles Thompson and Don Wilkinson via fouls. The missing 23 free throws and having to contend with 4 pts. Charles Huth, who scored 31 points, were the main factors in the defeat. The Rams in most games, high points were Tony Latour with 29 points and Gary Mann with 16.

It Seems To Me

The U. S. A. is a funny place. Oh, yes, it is indeed. We give our money to other countries. When we ourselves are in need. We say we hate the communists. We fight them all the way. But, when they need help or are starving to death, we give them wheat right away.

The U. S. is a weak little country. And yes, my friend I can prove it. Because every time we turn around we're taking orders from Cuba.

We let the communists push us around. And they tell us what to do. Our armies must be awfully weak.

Does it seem that way to you? Yes, the U. S. is a funny place. And but I'm going to tell you: If things don't begin to straighten out, I'm moving to Australia.

Baby Rams Close A Fine Season

Belle Glade's Jr. High basketball team closed out a highly successful season in losing to Northboro in the Palm Beach County Jr. High tournament semi-finals. The team went through nine regular season games undefeated and won the first two tournament games at result Lake Worth and Jupiter before losing the last one which resulted in a 1 to 1 season.

This is one of the largest team that Belle Glade has had and should add much to the B team and varsity in the years to come. The six boys who saw most of the action were Terry Mann, Ronnie Ratliff, Johnny Williams, Fred Miller, Jeff Smith and Eddie Prevatt. Mann led the team in scoring, hitting in over 20 points in most games, and was one of the five allstars picked from the tournament composed of approximately 20 teams.

Other team members included Steve Knight, Frankie Rodriguez, Eddie McAllister, Jimmy Sullivan, Charles Close, and Stephen Close.

"Olden" Rams—Do It Again!

The high school gym was the scene of the Varsity-Faculty basketball game on Monday night. This year, the game was sponsored by the Interact Club.

Hysteria broke out at approximately 7:30. The starting line-up for the Tumblebugs (better known as the Beattles) came rushing out of their dressing room with Beattles of course they were accompanied by the famous Beattles record. These innocent boys under those not so innocent looking wigs were Charles Thompson, Tony Latour, Carey Jones, Don Wilkinson, and Eddie Buckner.

The old-diddies participating were: Mr. Herman Clegg, Coach Crawford, Coach Thornton, Coach Luke, Coach Barker, Coach Marquess, Coach Davis, Mr. Hilburn, and Mr. Morris.

Of course any sports would not be complete without cheerleaders and this game was an exception. Dotted up and ready for ANY action were John Causey, Vic Venus, Skipper Schoepel, Dick Willis, and Rafael Aleman.

During the half-time, a little exhibition was performed by the younger set of the Beattles teachers and a portion of the girls' physical education class. The teachers had to fight the game due to the fact that they could not produce their birth certificates!!!

It was also announced that the Faculty could not possibly win because they had been in attendance at B. G. H. S. longer than four years!!! This annual affair was a huge success enjoyed by all. The auditorium was packed and kids were there ranging in age from a few months to well, let's not say!!! O. K. teachers and parents!!!

STRONG CHURCHES..

MAKE
STRONG COMMUNITIES

The good thing about the seasons is that all we have to do is wait. We may not like the weather we have now, but something different will come soon. We experience a great variety of weather in a dozen months.

It's a great consolation to have this mighty spectacle of spring and autumn, sun and rain, day and night continually unfold around us.

It's the dependable rhythm of nature, the ebb and flow of seasons, the beauty of earth and sky, which give our lives a firm ground to stand on.

But Christianity is not a nature religion. It finds the revelation of God in nature alone but even more in human personality — our own, as the children of God, and supremely in Jesus as the Son of God.

That is why it is necessary for us to become an important part of His Church.

We can get in the mood to understand the presence of God when we experience the quietness of the woodlands or hear waves breaking against the cliffs, or look heavenward at the billowing clouds. But, it is not enough to get in a mood. We must join in the communion and fellowship of other believers in order to obtain our purpose and faith.

Come, let us go into the House of the Lord...

She guided committee members on a tour of the building, explaining the proposed use of the various rooms, etc.

The nursery room of the center has been plastered and painted and is ready for use as a storage room for donated items of furniture and equipment. Miss Creech stated that anyone having large items to be placed in the room until the opening of the center, would find it a valuable during work hours. Also workmen would be glad to help with the handling of heavier pieces of furniture, etc.

Mrs. W. C. Taylor presented a check for purchase of a chair by the Community Barber Shop. Also stated that donation of a gym set was made by Mr. and Mrs. John Shewell and daughter, Shirian; and that the N. A. C. G. Girls are collecting non-chandising stamps.

Miss Sara Lee Creech reported a check given by Chasen Garden Club in the amount of \$10. Also a crib and mattress given by a Lake Worth resident.

Mrs. Melville T. Sheahan who with Mrs. Sam Crissman is interviewing merchants and growers, reported gift of two metal waste baskets by Home Hardware Store.

Other committee members present included Mrs. Peter J. LaChance, Mrs. C. M. Collier, Mrs. John A. Dufour, Mrs. Nina Singleton, Mrs. O. D. Williams, Mrs. Annie Pearl Hill and Mrs. Lila Mae Peavy.

There is still a need for more large items of furnishings, as well as crib sheets, crib plastic covers, training pants and baby shirts.

Committee members are to meet this Saturday at 10 a. m. at the center building.

Dr. Robert J. Allen, Jr., took pictures of the committee members while in session. Mrs. W. C. Taylor served hot coffee to the group. The Rev. J. B. Adams, pastor of St. John's First Baptist Church opened the committee meeting with prayer.

GIRL SCOUT WEEK

This year Girl Scout Week will be observed from March 8-14. Completing 52 years of service the Girl Scout organization continues to move ahead to meet the changing needs of today's youngsters.

Girl Scout troops across the nation last year were organized in four new age levels instead of the former three. Girls begin their scouting experience at age 7 in the Brownies and progress through the Juniors, Cadettes, and finally the Seniors for girls 15 through 17.

From their earliest days in Brownies, a feeling of being needed is fostered in the young members and the theme behind scouting is brought alive in terms of day to day activities and experiences — the disposition to try and the desire to be a worthwhile and useful person of service to others. Senior Girl Scouts are encouraged to enlarge their field of interest to merge with the adult world. Pursuing their goal of giving service, they may enter aid projects in cooperation with libraries, hospitals, museums and other institutions.

The responsibility of keeping Girl Scouting alive and vital falls on the voluntary troop leaders and local scouting organizations in communities across the country. The Girl Scouts of America deserve every recognition.

Farm Credit System To Use One Emblem

The Federal Land Bank Association of Miami and the Farmers Production Credit Association put new corporate identification emblems into use on March 1, according to an announcement by Chas. B. Long Jr., manager of the FLBA and PCA.

On the same day, other organizations of the Farm Credit System throughout the nation put the new corporate identification program into effect. These include Federal Land Banks and Federal Land Bank Associations, Federal Intermediate Credit Banks and Production Credit Associations, and Banks for Cooperatives. Farmers and their cooperatives borrow \$5.6 billion a year through this system.

The new Federal Land Bank Association emblem is a deep blue oval, the new Production Credit Association emblem is a brilliant red oval, and the Banks for Cooperatives will be identified by a metallic gold oval.

The overall emblem for the

British Guiana - Another Red Menace In South America

The British have a very efficient police force in their colonies. All personnel at the level of sergeant or below are recruited locally and all officers are brought from England and are career officers. No local police man has any arms and arms depots are guarded at all times by British officers. Therefore the case of a disturbance the local police force cannot join the riots and distribute their arms among the population.

With the black watch regiment at hand and order restored the local police were issued arms to maintain further order and the troops retired to their barracks.

The six months that the Jagan were in jail were used by the British to separate the negro support from the P. P. party. The negro leader, Burnham, a moderate and vice president of the P. P. was manouvered so that the negro minority started its own party, the P. N. C., the Peoples National Congress.

After six months the Jagan were freed as not to make them martyrs. The constitution was partly restored and Cheddy Jagan was put again in charge of the government. By now, however, the negro population was lost for the Jagan's P. P. Now came the time for "divide and rule" permanent. Credit was kept short and an artificial unemployment was created. Jagan's government was now in desperate financial trouble. Capital was fleeing the country and a government loan floated in a bond issue for \$3.5 million netted only \$193,000. Banks were beginning to reject government bonds as security.

The man in the street became disillusioned remembering the better days before Jagan's rule. The British government was more than a match for the Jagan, so Cheddy and Janet lost considerable support.

In 1957 new elections were held and Jagan obtained the most votes, not because of, but despite, his communism. All East Indians voted for Jagan's party with the rest of the races for Burnham and some other politicians. Jagan's share of the votes dropped from a vast majority of more than 80 percent in 1954 to a minority of 48 percent in 1957.

British's victory was complete and the troops will stay as long as the division of races is not permanently secured.

England itself is not against a left leaning commonwealth member. It creates possibilities for trade with countries behind the iron and bamboo curtains. British Guiana sells at present

about 100,000 tons of rice annually to Cuba with Britain's consent. American maritime blockade is easily broken by shipping first to Trinidad or Jamaica with a transshipment in schooners from there to Cuba.

It would not matter if the small schooners sailing between the British islands were placed on the American Maritime block list since these small boats never enter U. S. waters and al-

ways stay in British territory. About half of the rice is trans-

shipped from Cuba to Red China, together with sugar. Machinery is often shipped from England to British Guiana and from there with rice to Cuba to reach finally in Red China.

England is not worried about the left-leaning in British Guiana, as long as it is not at a trading post for the British Commonwealth. Actually the left leaning and the considerable minority of Chinese in British Guiana has opened prospects for trade with Red China without using the direct trade channels that may upset the U. S.

One item worries the British and may worry us also in the future. The present balance may not be upset by Russia or Red China, but by India, who may seek a sphere of it's own in the west.

In 1955 the high commissioner for India in the West Indies was expelled by Britain from Trinidad where his office was stationed. In elections in Trinidad and British Guiana the slogan of "Apan - Jhuti" — the Hindi for "vote for your own" is overpowering and is actively supported by India.

In a few decades the Indian population may be the majority in Trinidad and British Guiana and both countries may turn to India. History may reverse itself when the far east may colonize two small countries in the west.

This shift of alliance may upset the now careful planned pattern of Britain for the West Indies.

The chance that British Guiana becomes a second Cuba is small. First of all it is a big country in size but only with a small population. Although the country is located on the South American mainland British Guiana is oriented to the rest of the British West Indies by language and customs. English is spoken and the favorable sports

are cricket and soccer. Horse racing is a favored past-time. All this is contrast with the rest of the continent where Spanish is spoken and bull and cock fighting are used for recreation. Marxist ideology could not be spread to the rest of the continent by lack of communications, language barrier and race differences.

British Guiana is at the moment a colony full of tragedy. It will need ten years of constructive growth to develop its interior, its roads, mine and petroleum resources. It needs non-political capital from the outside which only internal stability can encourage.

Unfortunately the colony has flirted with the incompetent leadership offered by Communism and the country is torn by internal race conflicts.

This is the tragedy of British Guiana in our modern times, and of the people living in this underdeveloped country.
